Dear Friends:

I am pleased to inform you that Children's Hospital of Michigan has received a thoughtful and generous contribution given in your honor for the holidays from:

The LaBell Team
C/O Mrs. Kimberly LaBell
3225 Van Horn, Suite 110
Trenton, Michigan 48183

Dr. Charles Devendorf, founder of the Children's Hospital of Michigan, longed for a day when no child would suffer from want of care or illness. This very desire remains the motivation for all the work and success that occurs each day at our hospital.

Philanthropic contributions from partners in the community are crucial to our mission and play a key role in helping us improve the health of children. Support from The LaBell Realty Team and others provides resources to ensure that more of our patients will have days in which to play, nights in which to dream and time to just be kids.

We are so grateful for The LaBell Realty Team's thoughtful gift that was given in your name. On behalf of our entire staff and the thousands of patients who rely on us, may you enjoy a happy and prosperous 2008.

Sincerely,

Herman B. Gray, M.D., M.B.A.
President
